WHO ARE WE?

The Texas Youth Depression & Suicide Research Network is conducting a 2-year study to help us transform the future of mental health treatment across our state.

You can be a part of research to help youth in your community.

WHO CAN PARTICIPATE?

You may be able to participate if you:

- Are between 8 - 20 yrs old
- Are in treatment for depression and/or screen positive for depression or suicidality
- Can dedicate time to digital and in-person study assessments

**Help advance
the future of
mental
healthcare in
Texas!**
